

## Edit Signature

While still logged in to edit your profile. You can create / edit your signature. A simple little message or link that appears at the bottom of each of your posts. Simply click on the **Edit Signature** tab to create / modify one. Once completed simply preview or save your signature.

## Edit Subscriptions

By clicking on the **'Edit Subscriptions'** tab to the top ( while logged into edit profile still ) you can manage your current subscriptions. Subscriptions allow users to keep an eye threads, topics that are of particular interest to them. From here you can view current subscriptions and delete subscriptions no longer of any use as required. To remove one simply click the **'X'** next to the subscription name.
