Hello, marcus. Please use the following form to make changes to your Member Profile.

### Edit Your Password

Use the following to change your password. Note that passwords are case-sensitive.

New Password:

Confirm Password:

### Edit Your Email Address

Please edit your email address below.

Email Address:

Confirm Email Address:

### Personal Information

If you would like to share a bit more information about yourself please complete the following. All of these are optional.

Your First Name:

Your Last Name:

Home Page URL:

Biography: (A few details about yourself.)

Location: (Where you live.)

Interests: (Your hobbies, etc.)

Occupation: (Your job.)

**New Password / Confirm Password** Allows you to change existing password details. Note that passwords are case-sensitive.

**Email Address / Confirm Email Address** You can update your email address, entering it twice to confirm. The email address must be a valid and unique email address.

**Personal Information** **Your Name, a website, details about yourself, location, interests, occupation.** Apart from Name, all these are optional and only need to be filled out if you so desire to let people know a bit more about yourself.

**Email Preferences** Whether you would like to receive emails from the forum administrators and if you would like your email to be shown in your publicly viewable profile

Once happy with your changes simply click on the **'update profile'** link or alternatively click **'reset profile'** and start over again or leave it as is.

### Email Preferences

The administrators of this forum may wish to send you email notices from time to time. If you do not wish to receive these notices, disable this option.

[Receive Email From Administrators](#)

By default, your email address is displayed in your Member Profile. If you would rather not have it seen by other members, disable this option.
